A COVID-19 Update from Secure Care Products

To our valued customers:

We hope that this message finds you in good spirits, healthy, and safe. We are all currently experiencing extraordinary events. Nearly all individuals and businesses around the world are doing the best they can to adjust to the ever-changing conditions of this unprecedented situation. We want to let you know that, as we have been for the past 40 years, **Secure Care Products is here to support you.**

We are pleased that our team is able to operate both in the building and remotely where possible. We have taken steps internally to promote good hygiene and social distancing within our offices, limiting unnecessary travel, and advising employees to remain at home if they are ill or showing any symptoms of illness. At this time, we do not anticipate any impact on product availability.

Based on the current details and direction provided by local and federal government agencies, we do not have any immediate plans to reduce our efforts or levels of support for customers. We will continue to fulfill orders received, answer phone calls and emails and provide every customer with the highest levels of service possible. We stand ready to assist with any questions or concerns you may have.

Although we are all in the midst of unique and challenging circumstances today, we want to provide assurances that we are here for you. **As always, Secure Care Products has the safety and well-being of our customers, and those under the protection of our solutions, top of mind during these trying times.** And while we thank you for your continued business, we also want to express our heartfelt gratitude to those healthcare workers on the frontlines dealing with this current crisis. Please do not hesitate to reach out to us if you think we can be of assistance. We will continue to provide updates as needed via our website and social media channels. So if you haven't already, please [bookmark our website](#) and like/follow us on [LinkedIn](#), [Facebook](#) and [Twitter](#).

Best Regards,
